AJ AND FRIENDS C.I.C.

AJ and Friends 6 Carlton Lane Centenary Building Hoylake Wirral Merseyside CH47 3DB

3.2 To ensure that all staff working for, or on behalf of, AJ AND FRIENDS C.I.C., understand their responsibilities in relation to safeguarding adults at risk and know who to escalate concerns to within AJ AND FRIENDS C.I.C. and externally if needed and appropriate to do so.

3.3 To protect the V.I.P's right to live in safety, free from abuse and neglect.

To have a clear, well publicised policy of zero-tolerance of abuse within AJ AND FRIENDS C.I.C..

3.4 To identify lessons to be learnt from cases where V.I.Ps have experienced abuse or neglect.

4. Policy

4.1 What is Safeguarding?

AJ AND FRIENDS C.I.C. recognises the definition of 'safeguarding' as the actions taken to keep V.I.Ps safe from harm and neglect.

4.2 The Care Act 2014 sets out that adult safeguarding duties apply to any adult who:

- Has care and support needs, and
- Is experiencing, or is at risk of, abuse and neglect, and
- As a result of those care and support needs is unable to protect themselves from either the risk of, or the experience of, abuse or neglect

4.3 Safeguarding adults includes:

- Protecting their rights to live in safety, free from abuse and neglect
- People and organisations working together to prevent the risk of abuse or neglect, and to stop them from happening
- Making sure people's wellbeing is promoted, taking their views, wishes, feelings and beliefs into account
- This must recognise that adults sometimes have complex interpersonal relationships and may be ambivalent, unclear or unrealistic about their personal circumstances

4.4 AJ AND FRIENDS C.I.C. should always promote the V.I.P's wellbeing in its safeguarding arrangements. V.I.Ps have complex lives and being safe is only one of the things they want for themselves. Staff should work with the V.I.P to establish what being safe means to them and how that can be best achieved. Staff should not be advocating 'safety' measures that do not take account of individual wellbeing.

4.5 What Constitutes Abuse?

Employees at AJ AND FRIENDS C.I.C. understand that the V.I.Ps it supports can be extremely vulnerable to abuse and neglect, especially if they have care and support needs.

Abuse is a violation of an individual's human or civil right by any other person. It is where someone does something to another person, or to themselves, which puts them at risk of harm and impacts on their health and wellbeing.

Abuse can have a damaging effect on the health and wellbeing of V.I.Ps. These effects may be experienced in the short and long term and can sometimes be lifelong.

AJ AND FRIENDS C.I.C.

AJ and Friends 6 Carlton Lane Centenary Building Hoylake Wirral Merseyside CH47 3DB

4.6 The signs of abuse are not always obvious, and a victim of abuse may not tell anyone what is happening to them. Sometimes they may not even be aware they are being abused.

The robust governance processes at AJ AND FRIENDS C.I.C. will make sure that staff working for, and on behalf of, AJ AND FRIENDS C.I.C., recognise and respond to the main forms of abuse which are set out in the Care Act 2014 Statutory Guidance Chapter 14.

4.7 The local authority is the lead agency for adult safeguarding and should be notified whenever abuse or neglect is suspected. It will decide whether a safeguarding enquiry is necessary, and if so, who will conduct it. The decision to conduct an enquiry depends on the criteria set out in the Care Act 2014, and not on whether the V.I.P is eligible for, or receiving, services funded by the local authority

4.8 Everybody has the right to live a life that is free from harm and abuse. AJ AND FRIENDS C.I.C. recognises that safeguarding adults at risk of abuse or neglect is everybody's business. AJ AND FRIENDS C.I.C. aims to ensure that all adults at risk of abuse or neglect are enabled to live and work, be cared for and supported in an environment free from abuse, harassment, violence or aggression. The safeguarding policies and procedures of AJ AND FRIENDS C.I.C. will dovetail with the Wirral Council multi-agency policy and procedures, which we understand take precedence over those of AJ AND FRIENDS C.I.C.. AJ AND FRIENDS C.I.C. will ensure that the Wirral Council policies and procedures are reflected within its own policy and procedure, that this is shared with all staff and is accessible and available for staff to follow.

4.9 AJ AND FRIENDS C.I.C. aims to provide services that will be appropriate to the adult at risk and not discriminate because of disability, age, gender, sexual orientation, race, religion, culture, or lifestyle. It will make every effort to enable V.I.Ps to express their wishes and make their own decisions to the best of their ability, recognising that such self-determination may well involve risk.

AJ AND FRIENDS C.I.C. will work with V.I.Ps and others involved in their Care to ensure they receive the support and protection they may require, that they are listened to and treated with respect (including their property, possessions and personal information) and that they are treated with compassion and dignity.

A chaperone is always present when the V.I.P needs treatment, and missed healthcare appointments must be monitored to consider signs of abuse or neglect. These must be followed up with the healthcare provider and information shared in the best interests and safety of the V.I.P.

4.10 AJ AND FRIENDS C.I.C. will follow the six principles as set out in guidance to the Care Act 2014 and this will inform practice with all V.I.Ps:

- **Empowerment** – People being supported and encouraged to make their own decisions and informed consent
- **Prevention** – It is better to take action before harm occurs
- **Proportionality** – The least intrusive response appropriate to the risk presented
- **Protection** – Support and representation for those in greatest need
- **Partnership** – Local solutions through services working with their communities. Communities have a part to play in preventing, detecting and reporting neglect and abuse
- **Accountability** – Accountability and transparency in delivering safeguarding

4.11 AJ AND FRIENDS C.I.C. is committed to the principles of 'Making Safeguarding Personal' and aims to ensure that safeguarding is person-led and focused on the outcomes that V.I.Ps want to achieve. It will engage V.I.Ps in a conversation about how

AJ AND FRIENDS C.I.C.

AJ and Friends 6 Carlton Lane Centenary Building Hoylake Wirral Merseyside CH47 3DB

best to respond to their safeguarding situation in a timely way that enhances involvement, choice and control as well as improving quality of life, wellbeing and safety.

4.12 AJ AND FRIENDS C.I.C. understands the importance of working collaboratively to ensure that:

- The needs and interests of adults at risk are always respected and upheld
- The human rights of adults at risk are respected and upheld
- A proportionate, timely, professional and ethical response is made to any adult at risk who may be experiencing abuse

4.13 Whistleblowing

AJ AND FRIENDS C.I.C. has a clear Raising Concerns, Freedom to Speak Up and Whistleblowing Policy and Procedure in place which staff are frequently reminded about and with which they must be familiar. They must also understand how to escalate and report concerns.

Whistleblowing is an important aspect of the support and protection of adults at risk of harm where staff are encouraged to share genuine concerns about safety or wrongdoing within AJ AND FRIENDS C.I.C..

4.14 The Care Worker's Responsibilities

AJ AND FRIENDS C.I.C. understands that it may also be necessary to advise the relevant Power of Attorney if there is one appointed. In dealing with incidents of potential harm, people have rights which must be respected and which may need to be balanced against each other

A wide range of behaviour neglecting to care for one's personal hygiene, health or surroundings and includes behaviour such as hoarding. It should be noted that self-neglect may not prompt a section 42 enquiry. An assessment should be made on a case by case basis. A decision on whether a response is required under safeguarding will depend on the V.I.P's ability to protect themselves by controlling their own behaviour. There may come a point when they are no longer able to do this, without external support.

- Lack of self-care to an extent that it threatens personal health and safety
- Neglecting to care for one's personal hygiene, health or surroundings
- Inability to avoid self-harm
- Failure to seek help or access services to meet health and social care needs
- Inability or unwillingness to manage one's personal affairs

Signs and indicators of self-neglect include:

- Very poor personal hygiene
- unkempt appearance
- Lack of essential food, clothing or shelter
- Malnutrition and/or dehydration

AJ AND FRIENDS C.I.C.

- Living in squalid or unsanitary conditions
- Neglecting household maintenance
- Hoarding
- Collecting a large number of animals in inappropriate conditions
- Non-compliance with health or care services
- Inability or unwillingness to take medication or treat illness or injury

5.3 High Risk Groups

Certain groups of people may be at higher risk of abuse or neglect, including:

- Those with care and support needs, such as older people or people with disabilities. They may be seen as an easy target and may be less likely to identify abuse themselves or to report it
- Those with communication difficulties because they may not be able to alert others
- Those with a cognitive impairment, as they may not even be aware that they are being abused

5.4 Who Abuses and Neglects?

Anyone in contact with the V.I.P can perpetrate abuse or neglect, including:

- Volunteers
- Family members
- Friends
- People who deliberately exploit adults they perceive as vulnerable to abuse
- Staff
- Professionals
- Other V.I.Ps

5.5 Incidents of Abuse

Patterns of abuse vary and include:

- Serial abuse - in which the person alleged to have caused the harm seeks out and 'grooms' individuals. Sexual abuse sometimes falls into this pattern as do some forms of financial abuse
- Long-term abuse - in the context of an ongoing family relationship such as domestic violence between spouses or generations, or persistent psychological abuse
- Opportunistic abuse - such as theft occurring because money or jewellery has been left lying around

Abuse may be one-off or multiple and affect one V.I.P or more.

Staff should look beyond single incidents or V.I.Ps. AJ AND FRIENDS C.I.C. should have systems in place to track and monitor incidents, accidents, disciplinary action, complaints and safeguarding concerns, to identify patterns of potential harm..

Repeated instances of poor care may be an indication of more serious problems (organisational abuse). In order to see these patterns, it is important that information is recorded and appropriately shared.

5.6 Concerns

A concern might arise from:

- Something you observe (for example: bruises, a marked change in behaviour)

AJ AND FRIENDS C.I.C.

AJ and Friends 6 Carlton Lane Centenary Building Hoylake Wirral Merseyside CH47 3DB

- An allegation that is made (for example, you are told that someone has behaved inappropriately or put the V.I.P or colleague at risk)
- A disclosure where the V.I.P tells you something about themselves or their circumstances that lead you to believe that they are being abused or are at risk of abuse

Staff must be able to:

- **Recognise:** Identify that the V.I.P at risk may be describing abuse, even when they may not be explicit
- **Respond:** Stay calm, listen and show empathy
- **Record:** Write up notes of the conversation clearly and factually as soon as possible
- **Report** in a timely manner to the appropriate people and organisations

5.7 Staff who Consider or Suspect Abuse or Neglect

If staff observe something that causes concern, they should ask the V.I.P what happened, unless this would be inappropriate or cause further distress.

If the V.I.P does not communicate with speech, they should help them explain what has happened as far as possible.

The staff member should document what they have seen or been told and report to the Registered Manager and the Safeguarding Lead, Beverley Williams.

If staff are unsure if there is an indicator of abuse or neglect with the V.I.P, they should discuss this with the Registered Manager and the Safeguarding Lead, Beverley Williams at AJ AND FRIENDS C.I.C..

The Registered Manager and the Safeguarding Lead, Beverley Williams, will decide whether to make a safeguarding referral or to seek further advice from Wirral Council.

Staff who suspect abuse or neglect must act on it; staff must not assume that someone else will do this.

If someone makes an allegation to a member of staff about them or another member of staff or volunteer, that staff member must listen carefully and explain that they will need to pass these concerns to the Registered Manager and the Safeguarding Lead, Beverley Williams, reassuring them that their concerns will be taken seriously. If the allegation is made by a family member or a worker from another agency, the staff member should take their name and contact details and assure them that the Registered Manager and the Safeguarding Lead, Beverley Williams, will contact them as soon as possible. The staff member must pass the information to the Registered Manager and the Safeguarding Lead, Beverley Williams, immediately.

5.8 Responding to a Disclosure or Suspicion of Abuse or Neglect

If the V.I.P discloses potential or actual abuse, staff will:

Straight away:

- Remain calm and non judgemental
- Try not to show shock or disbelief
- Not interrupt the V.I.P who is freely recalling significant events, allow them to tell you whatever they want to share
 - Some V.I.Ps may simply be telling a story and not realise that they are subject to abuse. It is important to keep this in mind and be thoughtful in

AJ AND FRIENDS C.I.C.

AJ and Friends 6 Carlton Lane Centenary Building Hoylake Wirral Merseyside CH47 3DB

response

- Take whatever action is required to ensure the immediate safety or medical welfare of the V.I.P(s) at risk
 - Where appropriate, call 999 for the emergency services if there is a medical emergency, other danger to life or risk of imminent injury, or if a crime is in progress. Where a crime is suspected of being committed, leave things as they are wherever possible
 - Call for medical assistance from the GP or NHS 111 if there is a concern about the V.I.P's need for medical assistance or advice, when the situation is not life-threatening or is out of hours
- Reassure the V.I.P that they are right to share this information with you; show empathy with them
- Do not press for more detail
- Do not make promises that cannot be kept
- Remain sympathetic and attentive

Then:

- Listen carefully and reflect back what you are being told to ensure you have correctly grasped what is being said
- Use simple and open questions, do not ask leading questions, (e.g. 'So was it Peter who did that?') or attempt to 'investigate' in any way
- Explain carefully that what they have said is worrying and that you have to share that with your line manager
 - Explain the safeguarding process to the V.I.P and discuss the next steps
 - Explain that your manager may contact the Wirral Council Safeguarding Adults Team and/or the Police
- Seek the V.I.P's consent to share this information
- As soon as you can, write down an account of your conversation, try to use the words/phrases that the V.I.P used. Sign and date your record
- Preserve evidence (physical evidence - for example, ask the V.I.P to not wash or bathe)
- Inform the Registered Manager or the Safeguarding Lead, Beverley Williams, as soon as possible to inform them of the incident or concern
 - The Registered Manager, Beverley Williams, will be contacted on 07950236050
 - The Safeguarding Lead, Beverley Williams, will be contacted on 07950236050
- Do not share this information with anyone else
- Do not contact the person alleged to have caused the harm about the incident yourself, unless this is essential (for example, if Beverley Williams needs to immediately suspend a member of staff)
- The V.I.P may feel frightened, so ask whether they want someone they feel comfortable with to stay with them

Staff must inform the Registered Manager or Safeguarding Lead, Beverley Williams, unless they are the person alleged to have caused the harm; if this is the case, then support should be sought directly from another manager, Beverley Williams - AJ and friends C.I.C. or Wirral Council.

AJ AND FRIENDS C.I.C.

AJ and Friends 6 Carlton Lane Centenary Building Hoylake Wirral Merseyside CH47 3DB

Staff must also take action without the immediate authority of the Registered Manager or Safeguarding Lead, Beverley Williams:

- If a discussion with them would involve a delay in an apparently high-risk situation
- If they have raised concerns with the Registered Manager or Safeguarding Lead, Beverley Williams, and they have not taken appropriate action (whistleblowing)

There should be effective and well publicised ways of escalating concerns where the Registered Manager or Safeguarding Lead, Beverley Williams, does not take action in response to a concern being raised.

The Registered Manager or Safeguarding Lead, Beverley Williams, will:

- Listen to any staff member if they speak up about abuse or neglect, take them seriously and act accordingly
- Consider if there are other adults or children with care and support needs who are at risk of harm and take appropriate steps to protect them
- Support and encourage the V.I.P to contact the police if a crime has been, or may have been, committed

When responding to indicators of abuse and neglect, staff must:

- Follow the principles of the Making Safeguarding Personal Framework:
 - Ensure that any actions are guided by the wishes and feelings of the V.I.P
 - Be aware that V.I.Ps experiencing abuse or neglect may be influenced, coerced or controlled by someone else
 - Be aware that duties of care and public interest can override personal preference, for example, there is a risk that a person alleged to have caused the harm could abuse again - this needs to be addressed and prevented
- Staff must also follow the principles of the Mental Capacity Act 2005 if the V.I.P lacks capacity

5.9 Documenting a Disclosure

AJ AND FRIENDS C.I.C. must ensure that staff:

- Record what the V.I.P actually said, using their own words and phrases
- Describe the circumstance in which the disclosure came about
- Note the setting and anyone else who was there at the time
- When there are cuts, bruises or other marks on the skin, use a body map to indicate their location, noting the colour of any bruising
- Record information that is factual
- Use a pen with black ink so that the report can be photocopied
- Keep writing clear
- Sign and date the report, noting the time and location
- Are aware that the report may be needed later as part of a legal action or disciplinary procedure

Beverley Williams must ensure they preserve any evidence relating to a safeguarding concern, including care records, as these may be required in future for local authority enquiries or police investigations. For further information please refer to the Record Keeping policy and procedure.

5.10 Response by the Registered Manager or Safeguarding Lead to Reports of Abuse or Neglect

The Registered Manager and the Safeguarding Lead, Beverley Williams, at AJ AND FRIENDS C.I.C. should treat any report of abuse or neglect as a safeguarding concern

and:

- Ask the V.I.P at risk what they would like to happen next
- Ensure that they have access to communication support
- Explain that they have a responsibility to report concerns to Wirral Council, and tell the V.I.P who they will report to, why, and when

Decision-Making Pre-referral to the Wirral Council Safeguarding Adults Team:

The Registered Manager or Safeguarding Lead, Beverley Williams, will lead on decision-making.

When considering if a safeguarding concern needs to be completed, the Registered Manager or Safeguarding Lead, Beverley Williams, must consider the three duties in Section 42 (1) of the Care Act 2014:

- Does the person have needs for care and support (whether or not the authority is meeting any of those needs)?
- Are they experiencing, or at risk of, abuse or neglect? and
- As a result of those needs, are they unable to protect themselves against the abuse or neglect or the risk of it?

When using professional judgement to determine whether an incident is reported to the local authority safeguarding adults team/police, the Registered Manager or Safeguarding Lead, Beverley Williams, should consider the following:

- The consequences to the alleged victim and the equality of the relationship between the person alleged to have caused the harm and the alleged victim
- The ability of the alleged victim to consent
- The mental capacity of the person alleged to have caused the harm to understand the consequences of their decision to act in the way that is alleged
- The intent of the person alleged to have caused the harm
- The frequency of this and similar allegations regarding the person alleged to have caused the harm
- The alleged victim considers the actions against them to be abusive
- The alleged victim or carer is distressed, fearful or feels intimidated by the incident
- You believe that there is a deliberate attempt to cause harm or distress
- Incidents are repetitive and targeted to either the V.I.P or others
- The action resulted in a physical injury
- A crime has been committed
- The incident involves a member of staff
- If any other people (including children) are at risk as well as the V.I.P you are concerned about

In the decision-making process, they must evidence the following:

- Why does this adult(s) need safeguarding – what are the risks?
- What actions need to be taken to reduce that risk?
- Do they consent to this action?
- Are others potentially at risk?

The Registered Manager or Safeguarding Lead, Beverley Williams, will document their decision-making process.

If the Registered Manager or Safeguarding Lead, Beverley Williams, is not sure whether to make a safeguarding referral to Wirral Council (because they are not sure whether they

AJ AND FRIENDS C.I.C.

AJ and Friends 6 Carlton Lane Centenary Building Hoylake Wirral Merseyside CH47 3DB

suspect abuse or neglect), they should discuss this with Wirral Council.

If a V.I.P does not want any safeguarding actions to be taken, but abuse or neglect is suspected, a safeguarding referral must still be made.

AJ AND FRIENDS C.I.C. will ensure that staff are aware of the Wirral Council reporting procedures and timescales for raising adult safeguarding concerns.

If a referral is made but the V.I.P at risk is reluctant to continue with an investigation, this must be recorded and brought to the attention of the Wirral Council safeguarding adults team. This will enable a discussion on how best to support and protect the V.I.P at risk.

5.11 Consent

When reporting information that directly concerns the safety of an adult at risk of harm, consent from the V.I.P is not required. However, informing the V.I.P of your concerns and your referral is good practice unless it would put you or your colleagues at risk or it would put the adult at further risk. When reporting allegations or concerns about an adult at risk of harm to the Local Authority, the Local Authority must be informed whether or not the V.I.P is aware of the report.

For V.I.Ps who do not have capacity the principles of the mental capacity act will be followed. For further information please refer to the Mental Capacity Act (MCA) 2005 policy and procedure.

In reporting all suspected or confirmed cases of harm, an employee has a responsibility to act in the best interest of the V.I.P but still operate within the relevant legislation and the parameters of the codes and standards of their practice.

5.12 Referral to the Wirral Council Safeguarding Adults Team

AJ AND FRIENDS C.I.C. must ensure that the Wirral Council safeguarding adult referral process is followed and must collect the following information to assist with the referral. The referral process must be clearly visible with contact numbers, including out-of-hours, where staff can access the information.

Where the Integrated Care Board is the commissioner they must also be informed.

The referral information will also be required for some of the CQC notification of abuse documentation. AJ AND FRIENDS C.I.C. must use any up-to-date Care Plan information where possible and have the following information available where possible:

- Contact details for the adult at risk, the person who raised the concern and for any other relevant individual, and next of kin
- Basic facts, focusing on whether or not the V.I.P has care and support needs including communication and ongoing health needs
- Factual details of what the concern is about; what, when, who, where?
- Immediate risks and action taken to address risk
- Preferred method of communication
- If reported as a crime, details of which police station/officer; crime reference number
- Whether the adult at risk has any cognitive impairment which may impede their ability to protect themselves
- Any information on the person alleged to have caused harm
- Wishes and views of the adult at risk, in particular consent
- Advocacy involvement (includes family/friends)

AJ AND FRIENDS C.I.C.

AJ and Friends 6 Carlton Lane Centenary Building Hoylake Wirral Merseyside CH47 3DB

- Information from other relevant organisations, for example, the CQC
- Any recent history (if known) about previous concerns of a similar nature or concerns raised about the same person, or someone within the same household
- Names of any staff involved

5.13 Local Authority Safeguarding Enquiry

Wirral Council may well be reassured by the response of AJ AND FRIENDS C.I.C. so that no further action is required. However, Wirral Council would have to satisfy itself that the response of AJ AND FRIENDS C.I.C. has been sufficient to deal with the safeguarding issue and, if not, to undertake any enquiry of its own. This will identify if action needs to be taken and who needs to take that action.

The enquiry:

- Could be an informal conversation with the V.I.P at risk
- Could be a more formal multi-agency discussion
- Does not have to follow a formal safeguarding process

The objectives of an enquiry are to:

- Establish facts
- Ascertain the V.I.P's views and wishes
- Assess the needs of the V.I.P for protection, support and redress and how they might be met
- Protect from the abuse and neglect, in accordance with the wishes of the V.I.P
- Make decisions as to what follow-up action should be taken with regard to the person or organisation responsible for the abuse or neglect
- Enable the V.I.P to achieve resolution and recovery

If Wirral Council decides that AJ AND FRIENDS C.I.C. should make the enquiry, then Wirral Council should be clear about timescales, the need to know the outcomes of the enquiry and what action will follow if this is not done.

What happens as a result of an enquiry should reflect the V.I.P's wishes wherever possible, as stated by them or by their representative or advocate. If they lack capacity, it should be in their best interests if they are not able to make the decision, and be proportionate to the level of concern. The V.I.P should always be involved from the beginning of the enquiry.

Strategy Meeting/Case Conference:

- Following the investigation or at any time during the process, a case conference with all relevant agencies may be called to make decisions about future action to address the needs of the V.I.P
- Any agency involved in the case may ask for a case conference to be held but the final decision to hold a conference is with the Wirral Council Safeguarding Adults Team Manager
- AJ AND FRIENDS C.I.C. must ensure that it attends this meeting when invited and that all relevant information about the incident is available. A timeline of events is a useful document to prepare in complex cases

Safeguarding Adults Reviews:

- Safeguarding adults reviews (SARs) are a statutory requirement for Safeguarding Adults Boards with the purpose of promoting learning and improving safeguarding practice
- A safeguarding adults review must be arranged by a Safeguarding Adults Board if:

AJ AND FRIENDS C.I.C.

AJ and Friends 6 Carlton Lane Centenary Building Hoylake Wirral Merseyside CH47 3DB

- There is reasonable cause for concern that partner agencies could have worked more effectively to protect an adult and
- Serious abuse or neglect is known or suspected and
- Certain conditions are met, in line with section 44 of the Care Act 2014 and related statutory guidance

5.14 Involve the V.I.P Concerned Throughout the Enquiry:

- The process must be explained to the V.I.P in a way they will understand and their consent to proceed with the enquiry obtained, if possible
- Arrangements will be made to have a relative, friend or independent advocate present if the V.I.P so desires. The relative, friend or independent advocate must not be a person suspected of being in any way involved or implicated in the abuse
- A review of the V.I.P's Care Plan and risk assessments must be undertaken to ensure individualised support following the incident
- The V.I.P will be supported by AJ AND FRIENDS C.I.C. to take part in the safeguarding process to the extent to which they wish, or are able to, having regard for their decisions and opinions. They must be kept informed of progress

Desired Outcomes Identified by the V.I.P:

The desired outcome by the V.I.P at risk must be clarified and confirmed:

- To ensure that the outcome is achievable
- To manage any expectations that the V.I.P may have
- To give focus to the enquiry
- Beverley Williams will support V.I.Ps at risk to think in terms of realistic outcomes but must not restrict or unduly influence the outcome that the V.I.P would like. Outcomes must make a difference to risk and, at the same time, satisfy the V.I.P's desire for justice and enhance their wellbeing
- The V.I.P's views, wishes and desired outcomes may change throughout the course of the enquiry process
- There must be an ongoing dialogue and conversation with the V.I.P to ensure that their views and wishes are gained as the process continues and enquiries re-planned if the V.I.P changes their views
- The V.I.P will be informed of the outcome of any investigation, but guidance will be sought from the Wirral Council Safeguarding Adults Team before any outcome is shared

5.15 After An Enquiry

Once an initial enquiry has been undertaken, discussions should be had with the V.I.P as to whether a further enquiry is needed and what further action could be taken.

That action could include disciplinary, complaints or criminal investigations or work by contracts managers and CQC to improve care standards.

Wirral Council must determine what further action is necessary. One outcome may be the formulation of agreed action or a safeguarding plan for the V.I.P which should be recorded in their Care Plan. This will be the responsibility of the relevant agencies to implement. This will entail joint discussion, decision taking and planning with the V.I.P for their future safety and wellbeing.

In relation to the V.I.P, this could set out:

- What steps are to be taken to assure their safety in future

AJ AND FRIENDS C.I.C.

AJ and Friends 6 Carlton Lane Centenary Building Hoylake Wirral Merseyside CH47 3DB

- The provision of any support, treatment or therapy including ongoing advocacy
- The need for fuller assessments by health and social care agencies
- Any modifications needed in the way services are provided (for example, same gender care or placement; appointment of an OPG deputy)
- How best to support the V.I.P through any action they take to seek justice or redress
- Any ongoing risk management strategy as appropriate
- Any action to be taken in relation to the person or organisation that has caused the concern

5.16 If a Safeguarding Concern is not agreed

If Wirral Council decides not to investigate, staff must ensure the continual safety of V.I.Ps.

Staff should:

- Evaluate existing risk assessments and Care Plans. Ensure that there is clear, documented evidence that this has occurred
- If the existing risk assessments and Care Plans do not cover the current risk(s), staff must implement new ones to ensure measures have been put in place to reduce future risk
- Staff can consider other referral options (this list is not exhaustive):
 - Human resources (capability/disciplinary routes)
 - Health and safety
 - Complaints
 - Wirral Council care management, request review of current Care Plan, request for a case conference
 - NHS continuing care team, request a review
 - Request for a best interest meeting

5.17 Informing the Relevant Inspectorate

- By law, AJ AND FRIENDS C.I.C. must notify the Care Quality Commission without delay of incidents of abuse and allegations of abuse, as well as any incident which is reported to, or investigated by, the police
- AJ AND FRIENDS C.I.C. must notify CQC about abuse or alleged abuse involving a person(s) using the service, whether the person(s) is/are the victim(s), the abuser(s), or both
- AJ AND FRIENDS C.I.C. must also alert the relevant local safeguarding authority when notification is made to CQC about abuse or alleged abuse
- The forms are available on CQC's website
- If a concern is received via the whistleblowing procedure, AJ AND FRIENDS C.I.C. must inform the Wirral Council Safeguarding Team and CQC

5.18 Support and Supervision

AJ AND FRIENDS C.I.C. will recognise that dealing with situations involving abuse and neglect can be stressful and distressing for staff and workplace support should be available.

During safeguarding enquiries, Beverley Williams should:

- Be aware of how safeguarding allegations can affect the way other staff and V.I.Ps view the V.I.P subject to a safeguarding enquiry

AJ AND FRIENDS C.I.C.

AJ and Friends 6 Carlton Lane Centenary Building Hoylake Wirral Merseyside CH47 3DB

- If staff are concerned about working with the V.I.P who has made allegations, Beverley Williams should provide support, additional training and supervision to address these concerns and ensure that the V.I.P is not victimised by staff
- Acknowledge that enquiries are stressful and that morale may be low
- Think of ways to support staff (such as one-to-one supervision and team meetings)
- Provide extra support to cover absences as part of the enquiry, and to help staff continue providing consistent and high-quality care
- Direct staff to sources of external support or advice if needed

Regular face-to-face supervision and reflective practice from skilled line managers is essential to support staff, and to enable staff to work confidently and competently with difficult and sensitive situations.

Beverley Williams has a central role in ensuring high standards of practice at AJ AND FRIENDS C.I.C. and that staff are properly equipped and supported.

5.19 Confidentiality and Information Sharing

In seeking to share information for the purposes of protecting adults at risk, AJ AND FRIENDS C.I.C. is committed to the following principles:

- Personal information will be shared in a manner that is compliant with the statutory responsibilities of AJ AND FRIENDS C.I.C.
- Adults at risk will be fully informed about information that is recorded about them and, as a general rule, be asked for their permission before information about them is shared with colleagues or another agency. However, there may be justifications to override this principle if the adult or others are at risk
- Staff will receive appropriate training on V.I.P confidentiality and secure data sharing
- The principles of confidentiality designed to protect the management interests of AJ AND FRIENDS C.I.C. must never be allowed to conflict with those designed to promote the interests of the adult at risk
- Staff will follow policies at AJ AND FRIENDS C.I.C. on UK GDPR, data protection, confidentiality and comply with the Caldicott principles

5.20 Staff Alleged to be Responsible for Abuse or Neglect

AJ AND FRIENDS C.I.C. does not only have a duty to the V.I.P, but also a responsibility to take action in relation to the employee when allegations of abuse are made against them. AJ AND FRIENDS C.I.C. should ensure that their disciplinary procedures are compatible with the responsibility to protect adults at risk of abuse or neglect.

When a member of staff is subject to a safeguarding enquiry, Beverley Williams should:

- Tell them about any available Employee Assistance Programme
- Tell them about professional counselling and occupational health services (if available)
- Make them aware of their rights under employment legislation and any internal disciplinary procedures
- Nominate someone to keep in touch with them throughout the enquiry (if they are suspended from work)
 - They should be able to request that the nominated person be replaced, if they think there is a conflict of interest
 - The nominated person should not be directly involved with the enquiry
- If the police are involved, tell them who the nominated person is

For members of staff who return to work after being suspended, Beverley Williams should:

AJ AND FRIENDS C.I.C.

AJ and Friends 6 Carlton Lane Centenary Building Hoylake Wirral Merseyside CH47 3DB

- Arrange a return-to-work meeting when the enquiry is finished, to give them a chance to discuss and resolve any problems
- Agree a programme of guidance and support with them

Where appropriate, Beverley Williams should report staff to the statutory and other bodies responsible for professional regulation such as the Nursing and Midwifery Council.

If Beverley Williams is subject to a safeguarding enquiry, Beverley Williams - AJ and friends C.I.C. should put an acting manager in their place if required.

5.21 Disclosure and Barring Service (DBS) Referral

There is a statutory requirement for providers of Care to refer workers to the DBS for inclusion on the DBS Vetting and Barring scheme list if they consider that the person is guilty of misconduct such that an adult at risk was harmed or placed at risk of harm. The legal duty to refer to the Disclosure and Barring Service also applies where a staff member leaves their role to avoid a disciplinary hearing following a safeguarding incident and AJ AND FRIENDS C.I.C. feels they would have dismissed the person based on the information they hold.

Please see the DBS/Disclosure Policy and Procedure for further procedures regarding initial employment and referral.

5.22 Abuse by Another Adult at Risk

AJ AND FRIENDS C.I.C. recognises that they may also have responsibilities towards the person causing the harm, and certainly will have if they are both in a care setting or have contact because they attend the same place (for example, a day centre). The person causing the harm may themselves be eligible to receive an assessment. In this situation, it is important that the needs of the V.I.P at risk who is the alleged victim are addressed separately from the needs of the person causing the harm. It will be necessary to reassess the adult allegedly causing the harm.

Under the Mental Capacity Act 2005, people who lack capacity and are alleged to be responsible for abuse, are entitled to the help of an Independent Mental Capacity Advocate to support and represent them in the enquiries that are taking place. This is separate from the decision whether or not to provide the victim of abuse with an independent advocate under the Care Act.

5.23 Management of Allegations Against People in Positions of Trust (PiPoT)

A relationship of trust is one in which one person is in a position of power or influence over the other person because of their work or the nature of their activity. Any allegation against a person who works with adults with care and support needs must be reported immediately to Beverley Williams.

When an allegation is made against a PiPoT, AJ AND FRIENDS C.I.C. will refer this to Wirral Council as part of the safeguarding process. For sensitive information, it may be necessary to contact the Adult Local Authority Designated Officer directly and AJ AND FRIENDS C.I.C. will ensure this information is readily available as well as the Wirral Council policy itself which outlines the local protocol in this instance.

Where the person alleged to have caused the harm or neglect is a volunteer or a member of a community group, AJ AND FRIENDS C.I.C. must work with adult social services to support any action under this policy.

Where the person alleged to have caused the harm is a neighbour, a member of the public, a stranger or a person who deliberately targets vulnerable people, the V.I.P at risk

AJ AND FRIENDS C.I.C.

AJ and Friends 6 Carlton Lane Centenary Building Hoylake Wirral Merseyside CH47 3DB

should receive the services and support that they may need. In all cases, issues of consent, confidentiality and information sharing must be considered.

5.24 Safeguarding Concerns about the Manager and or Safeguarding Adults Lead

If staff at AJ AND FRIENDS C.I.C. have safeguarding concerns about the Registered Manager, they can report their concerns to the Safeguarding Adults Lead – Beverley Williams in confidence. In some services where this may be a dual held role by the same person, you can report your concerns in the following routes:

- **Follow the Raising Concerns, Freedom to Speak Up, Whistleblowing Policy and Procedure at AJ AND FRIENDS C.I.C.**

Alternatively you may wish to contact:

- **Local Authority Safeguarding Team:** Wirral Council
 - Contact: Integrated front door Wirral
 - Telephone: 0151 606 2008
- **The Care Quality Commission (CQC):**
 - Address: Citygate, Gallowgate, Newcastle upon Tyne NE1 4PA
 - Email: enquiries@cqc.org.uk
 - Telephone: 03000 616161
 - Report online: <https://www.cqc.org.uk/give-feedback-on-care>
- **The Police**
 - If your safeguarding concerns involve criminal activity, such as physical or sexual abuse or if someone is in immediate danger, you should report the matter to the police. They can investigate and take immediate action if needed

In cases where the Registered Manager or Beverley Williams are suspended due to a pending investigation, the Discipline Policy and Procedure will be followed. In these instances, Beverley Williams - AJ and friends C.I.C. or another representative instructed by AJ AND FRIENDS C.I.C., will be responsible for this process.

5.25 Allegations Against People who are Relatives or Friends

There is a clear difference between unintentional harm caused inadvertently by a relative or friend and a deliberate act of either harm or omission, in which case the same principles and responsibilities for reporting to the police apply. In cases where unintentional harm has occurred, this may be due to lack of knowledge or due to the fact that the relative's own physical or mental needs make them unable to care adequately for the adult at risk. The relative may also be an adult at risk. In this situation, the aim is to protect the adult from harm, work to support the relative to provide support and to help make changes in their behaviour in order to decrease the risk of further harm to the person they are caring for. A carer's assessment will take into account a number of factors and a referral to Wirral Council will be made as part of the safeguarding process.

5.26 Pressure Ulcers

AJ AND FRIENDS C.I.C. must follow local safeguarding reporting requirements and the Department of Health and Social Care (DHSC) guidance 'Pressure Ulcers: How to Safeguard Adults' (a link can be found in the Underpinning Knowledge section of this policy) with regards to pressure ulcers.

The aim of the DHSC guidance is to provide a national framework, identifying pressure ulcers as primarily an issue for clinical investigation rather than a safeguarding enquiry led by the local authority. Indicators to help decide when a pressure ulcer case may additionally need a safeguarding enquiry are included.

AJ AND FRIENDS C.I.C.

AJ and Friends 6 Carlton Lane Centenary Building Hoylake Wirral Merseyside CH47 3DB

'It is the responsibility of the designated safeguarding lead in each setting to appropriately triage any safeguarding concerns and ensure that referrals to the local authority for consideration of a section 42 (2) enquiry are appropriate.' (GOV.UK 2025)

The DHSC guidance contains the following appendices that are used in the decision making:

- Appendix 1: Adult safeguarding decision guide
- Appendix 2: Body map
- Appendix 3: Adult safeguarding concern proforma regarding pressure ulceration

Safeguarding Concern Assessment Guidance:

- A history of the development of the skin damage should first be obtained by a clinician, usually a nurse
- Where there is concern from the clinician assessing the pressure ulcer that there has been abuse or neglect that can be directly associated with the pressure ulcer, there is a need to raise it as a safeguarding concern within AJ AND FRIENDS C.I.C.
- In some cases it may warrant raising a safeguarding concern with Wirral Council
- If the V.I.P's care has recently been transferred, this may require contact being made with former care providers for information to seek clarification about the cause and timing of the skin damage. This is the responsibility of AJ AND FRIENDS C.I.C. and a concern should not be raised with Wirral Council until this has been done
- If a concern is raised that the V.I.P has severe damage, Beverley Williams should:
 - Complete the adult safeguarding decision guide
 - Raise an incident immediately as per the policy of AJ AND FRIENDS C.I.C.
 - (Severe damage in the case of pressure ulcers may be indicated in some cases by multiple category 2 or single category 3 or 4 ulcers, but could also be indicated by the impact the pressure damage has on the V.I.P affected (for example, pain)

Adult Safeguarding Decision Guide:

- The decision guide should be completed by a qualified member of staff who is a practising registered nurse (RN) with experience in wound management and not directly involved in the provision of care to the V.I.P at the time the pressure ulcer developed
- The adult safeguarding decision guide should be completed immediately or within 48 hours of identifying the pressure ulcer of concern. In exceptional circumstances this timescale may be extended but the reasons for extension should be recorded
- The outcome of the assessment should be documented on the adult safeguarding decision guide. If further advice or support is needed with regards to making the decision to raise a concern to Wirral Council, the Registered Manager or the Safeguarding Lead, Beverley Williams, should be involved
- Where the V.I.P has been transferred into the care of AJ AND FRIENDS C.I.C. it may not be possible to complete the decision guide. Contact should be made with the transferring organisation to ascertain if the decision guide has been completed or any other action taken
- Following this, a decision should be made whether to raise a safeguarding adults concern with Wirral Council, in line with agreed local arrangements
- The decision as to whether there should be a Section 42 enquiry will be taken by the local authority, informed by a clinical view. A summary of the decision should be recorded and shared with all agencies involved
- Where an internal investigation is required, this should be completed by the organisation that is, or was, taking care of the V.I.P when the pressure ulcer

AJ AND FRIENDS C.I.C.

AJ and Friends 6 Carlton Lane Centenary Building Hoylake Wirral Merseyside CH47 3DB

developed, in line with the local policies

- The local authority needs to decide or agree after completion of the internal investigation if a full multi-agency meeting (virtual or face to face) needs to be convened to agree findings, decide on safeguarding outcomes and any actions
- The safeguarding decision guide assessment considers 6 important questions that together indicate a safeguarding decision guide score. This score should be used to help inform decision making regarding escalation of safeguarding concerns related to the pressure ulceration. It is not a tool to risk assess for the development of pressure damage
- The threshold for raising a concern is 15 or above in most instances. However, this should not replace professional judgement
- Photographic evidence to support the report should be provided wherever possible. Consent for this should be sought as per local policy but great sensitivity and care must be taken to protect the identity of the individual
- A body map should be used to record skin damage and can be used as evidence, if necessary, at a later date. If 2 workers observed the skin damage, they should both sign the body map where possible
- Documentation of the pressure ulcer should include as a minimum:
 - Site
 - Size (including its maximum length, width and depth in centimetres)
 - Tissue type
 - Category
- Where the decision guide score is 15 or higher, or where professional judgement determines safeguarding concerns, copies of the completed decision guide and safeguarding concern proforma should then be sent to the adult safeguarding team within Wirral Council. Copies of both should also be retained in the V.I.P's Care Plan
- Where there is no indication that a safeguarding concern needs to be raised, the completed decision guide should be retained in the V.I.P's Care Plan

5.27 Medication Errors

AJ AND FRIENDS C.I.C. must follow local safeguarding reporting procedures for medication errors and ensure that notifications are made to the CQC in line with statutory requirements. AJ AND FRIENDS C.I.C. will have an open and transparent approach to medication incidents, ensure that staff follow the Medication Errors and Near Misses Policy and Procedure at AJ AND FRIENDS C.I.C. and understand their duty of candour responsibilities.

5.28 Exploitation by Radicalisers who Promote Violence

Individuals may be susceptible to exploitation into violent extremism by radicalisers. Staff will be expected to follow the Protecting Adults at Risk from Radicalisation Policy and Procedure in place at AJ AND FRIENDS C.I.C..

5.29 Self-neglect and Refusal of Care

AJ AND FRIENDS C.I.C. must ensure that staff understand the importance of delivering care as detailed in the Care Plan. Where the V.I.P refuses Care, this must always be documented. Where refusal occurs repeatedly, it must be escalated by AJ AND FRIENDS C.I.C. as a safeguarding concern and a request for a review of the V.I.P's Care will be instigated.

AJ AND FRIENDS C.I.C.

AJ and Friends 6 Carlton Lane Centenary Building Hoylake Wirral Merseyside CH47 3DB

5.30 Abuse and Sexual Safety

We recognise that culture, environment and processes support the V.I.P's sexuality and keep them and staff safe from sexual harm. As such, AJ AND FRIENDS C.I.C. will ensure that sexuality is discussed as part of the Care Plan process and is addressed positively to support people to raise concerns where necessary.

The CQC publication on sexuality and sexual safety can be referred to for further guidance in this area.

5.31 Criminal offences

Everyone is entitled to the protection of the law and access to justice. Behaviour which amounts to abuse and neglect, for example physical or sexual assault or rape, psychological abuse or hate crime, wilful neglect, unlawful imprisonment, theft and fraud and certain forms of discrimination also often constitute specific criminal offences under various pieces of legislation.

Wirral Council has the lead role in making enquiries. However, where criminal activity is suspected, the early involvement of the police should take place.

5.32 Risk Assessment and Management

Achieving a balance between the right of the V.I.P to control their Care package and ensuring that adequate protections are in place to safeguard wellbeing is a very challenging task. The assessment of the risk of abuse, neglect and exploitation of V.I.Ps will be integral in all assessment and planning processes. Assessment of risk is dynamic and ongoing, especially during the adult safeguarding process, and must be reviewed throughout so that adjustments can be made in response to changes in the levels and nature of risk.

5.33 Training and Competencies

AJ AND FRIENDS C.I.C. has a robust training program relating to Safeguarding, ensuring that staff understand different types of abuse, how to recognise and respond to incidents, allegations or concerns of abuse or harm.

AJ AND FRIENDS C.I.C. will benchmark its training and competencies within the service with the framework outlined in the Royal College of Nursing Intercollegiate Guidance, 'Adult Safeguarding: Roles and Competencies for Health Care Staff'(2024), which it recognises applies to social care staff also and does not replace any local or contractual requirements but acts as a minimum benchmark. AJ AND FRIENDS C.I.C. will also refer to the 'NHS Prevent Training and Competencies Framework' for more specific training requirements in relation to the Prevent strategy.

Staff, including volunteers at AJ AND FRIENDS C.I.C., are trained in recognising the symptoms of abuse or neglect, how to respond and where to go for advice and assistance.

Training takes place at all levels in AJ AND FRIENDS C.I.C. and is updated regularly to reflect current best practice. To ensure that practice is consistent, no staff group is excluded, including the Registered Manager and the Safeguarding Lead, Beverley Williams at AJ AND FRIENDS C.I.C..

Beverley Williams will cascade safeguarding information about adults at risk to appropriate staff members. Beverley Williams will undertake and provide internal training and attend local safeguarding partnership updates, education and development sessions including regular group-based supervision.

AJ AND FRIENDS C.I.C.

AJ and Friends 6 Carlton Lane Centenary Building Hoylake Wirral Merseyside CH47 3DB

Training needs to make a difference to the understanding, confidence and competence of staff. Assess what changes it has prompted through regular supervision sessions as well as annually during appraisals. Arrange refresher training if the annual check indicates this is needed.

5.34 Audit and Compliance

It is essential that the implementation of this policy and associated procedures is audited to ensure that AJ AND FRIENDS C.I.C. is doing all it can to safeguard those receiving its services. The audit of this policy will be completed through a systematic audit of:

- Recruitment procedures and disclosure and barring checks
- Incident reporting, frequency and severity
- Training processes, including reviews of uptake of training and evaluations

Safeguarding concerns and incidents will be reviewed by the senior management team as part of a root cause analysis with the following terms of reference:

- Review incident themes
- Reports from the lead responsible for safeguarding within AJ AND FRIENDS C.I.C.
- Look in detail at specific cases to determine learning or organisational learning
- Ensure implementation of the Safeguarding Adults Policy and Procedure

AJ AND FRIENDS C.I.C. should maintain and regularly audit care records (in addition to external checks, such as audits or Care Quality Commission inspections) and ensure that they are complete and available in case they are needed if a safeguarding concern is raised.

AJ AND FRIENDS C.I.C. will also ensure that as part of lessons learnt duty of candour is always followed.

5.35 Sharing of Information

AJ AND FRIENDS C.I.C. acknowledges that the sharing of information may be required when dealing with Safeguarding concerns.

Information will be made accessible to health professionals, advocates, families, legal representatives acting on behalf of V.I.Ps, and those close to them. The process for sharing information will follow the steps set out within the Data Protection and UK GDPR Policies and Procedures at AJ AND FRIENDS C.I.C..

**6. Definitions****6.1 A Person with Care and Support Needs**

- According to the Care Act 2014: an older person, a person with a physical disability, a learning difficulty or a sensory impairment, someone with mental health needs, including dementia or a personality disorder, a person with a long-term health condition, someone who misuses substances or alcohol to the extent that it affects their ability to manage day-to-day living

6.2 Investigation

- Investigation is a process that focuses on gathering 'good evidence' that can be used as a basis for the decision as to whether or not abuse has occurred
- It must be a rigorous process and the evidence must be capable of withstanding close scrutiny as it may later be required for formal proceedings

6.3 Referral

- Referral is when information regarding a possible safeguarding incident is passed on to another person for their direction. In the case of this policy, from the Provider to the Adult Social Care Team
- Sometimes this may be referred to as 'reporting'

6.4 Multi-agency

- More than one agency coming together to work for a common purpose
- This could include partners of the local authority such as: Integrated Care Boards (ICBs), NHS trusts and NHS foundation trusts, Department for Work and Pensions, the police, prisons, probation services, and/or other agencies such as general practitioners, dentists, pharmacists, NHS hospitals, housing, health and care providers

6.5 Caldicott Principles

- The Caldicott Principles were developed in 1997 following a review of how patient information is protected and only used when it is appropriate to do so
- Since then, when deciding whether they needed to use information that would identify an individual, an organisation must use the Principles as a test
- The Principles were extended to adult social care records in 2000
- The Principles were revised in 2013

6.6 Adults at Risk

- Adults at risk means adults who need community care services because of mental or other disability, age or illness, and who are, or may be, unable to take care of themselves against significant harm or exploitation
- The term replaces 'vulnerable adult'

6.7 Making Safeguarding Personal

- Making Safeguarding Personal is about person-centred and outcome-focused practice
- It is how professionals are assured by adults at risk that they have made a difference to people by taking action on what matters to people and is personal and meaningful to them

6.8 Honour-based Violence

- The terms 'honour crime', 'honour-based violence', and 'izzat' embrace a variety of crimes of violence (mainly but not exclusively against women), including physical abuse, sexual violence, abduction, forced marriage, imprisonment and murder where the person is being punished by their family or their community
- They are punished for actually, or allegedly, 'undermining' what the family or community believes to be the correct code of behaviour
- In transgressing this, the person shows that they have not been properly controlled to conform by their family and this is to the 'shame' or 'dishonour' of the family
- 'Honour crime' may be considered by the person(s) alleged to have caused the harm as justified to protect or restore the 'honour' of a family

6.9 Forced Marriage

- The Anti-Social Behaviour, Crime and Policing Act 2014 protects people from being forced to marry without their free and full consent as well as people who have already been forced to do so
- We will ensure that staff are reminded of the **one chance rule**: i.e. our employees may only have one chance to speak to a potential victim of forced marriage and, therefore, only one chance to save a life

AJ AND FRIENDS C.I.C.

AJ and Friends 6 Carlton Lane Centenary Building Hoylake Wirral Merseyside CH47 3DB

- Forced marriage can involve physical, psychological, emotional, financial and sexual abuse including being held unlawfully captive, assaulted and raped
- Law enforcement agencies will also be able to pursue person(s) alleged to have caused the harm in other countries where a UK national is involved under powers defined in legislation

6.10 Independent Mental Capacity Advocate (IMCA)

- An advocate appointed to act on a person's behalf if they lack capacity to make certain decisions
- Refer to the Mental Capacity Act (MCA) 2005 Policy and Procedure

6.11 Female Genital Mutilation (FGM)

- **Mandatory Reporting of Female Genital Mutilation (FGM)**
- Female Genital Mutilation (FGM) is illegal in England and Wales under the FGM Act 2003 ('the 2003 Act')
- AJ AND FRIENDS C.I.C. has a mandatory duty to report known cases of FGM in under 18-year-olds to the police via the non-emergency number 101. 'Known' means that you have either visually identified that FGM has been carried out, or you have had direct verbal disclosure from the person affected
- Other ways to report FGM include:
 - The national FGM helpline on 0800 028 3550
 - The social care team at your local council
 - Crimestoppers, confidentially and anonymously

6.12 Safeguarding Adults Board

- The Care Act 2014 required each local authority to set up a Safeguarding Adults Board
- This includes the local authority, the NHS and the police. They should meet regularly to discuss and act upon local safeguarding issues
- They develop shared plans for safeguarding, working with local people to decide how best to protect adults in vulnerable situations

6.13 Whistleblowing

- The act of reporting a concern about safety, malpractice or wrongdoing within an organisation to formal authorities

County Lines and Cuckooing - CR74

Cuckooing and County Lines Fact Sheet

What are County Lines?

County lines is a term used to describe gangs and organised criminal networks involved in exporting illegal drugs into one or more importing areas within the UK, using dedicated mobile phone lines or other form of 'deal line'. They are likely to exploit children and vulnerable adults to move and store the drugs and money and they will often use coercion, intimidation, violence (including sexual violence) and weapons. County lines activity and the associated violence, drug dealing and exploitation has a devastating impact on young people, vulnerable adults and local communities.

Gangs typically use children and adults at risk of harm to transport and/or deal drugs to customers. These victims are recruited using intimidation, deception, violence, debt bondage or grooming. During this process, the 'victims' are likely to commit criminal offences.

Who does it affect?

The term 'vulnerable adults' is used here in the context of 'vulnerable to harm or abuse'. They do not need to be receiving social care or support to be vulnerable. Some vulnerabilities are outlined in this fact sheet.

County lines exploitation:

- Can affect any child or young person (male or female) under the age of 18 years
- Can affect any vulnerable adult over the age of 18 years
- Can still be exploitation even if the activity appears consensual
- Can involve force and/or enticement-based methods of compliance and is often accompanied by violence or threats of violence
- Can be perpetrated by individuals or groups, males or females, and young people or adults and
- Is typified by some form of power imbalance in favour of those perpetrating the exploitation. Whilst age may be the most obvious, this power imbalance can also be due to a range of other factors including gender, cognitive ability, physical strength, status, and access to economic or other resources.

One of the key factors found in most cases of county lines exploitation is the presence of some form of exchange (e.g. carrying drugs in return for something). Where it is the victim who is offered, promised or given something they need or want, the exchange can include both tangible (such as money, drugs or clothes) and intangible rewards (such as status, protection or perceived friendship or affection).

Some of the factors that heighten a person's vulnerability include:

- Having prior experience of neglect, physical and/or sexual abuse
- Lack of a safe/stable home environment, now or in the past (domestic violence or parental substance misuse, mental health issues or criminality, for example)
- Social isolation or social difficulties
- Economic vulnerability
- Homelessness or insecure accommodation status
- Connections with other people involved in gangs
- Having a physical or learning disability
- Having mental health or substance misuse issues
- Being in care (particularly those in residential care and those with interrupted care histories)
- Being excluded from mainstream education, in particular attending a Pupil Referral Unit

What happens?

- Once in debt to a dealer, they will be encouraged to sell drugs to pay the debt off
- The gang will ensure the debt is never fully paid off and the victim can quickly become trapped in a cycle where their only option is to commit further crime
- The more crime they commit, the less likely they are to tell someone what is happening or seek help
- They will be dispatched to travel to other parts of the country where they are not known to police or social services and can essentially fly under the radar
- During this time away from home they are highly at risk of coming to further harm at the hands of people they are dealing to or rival local drug dealers
- Older people may become exploited to also traffic drugs, weapons and cash but additionally their homes might get taken over by gangs needing somewhere to hide drugs or deal from
- Adults with mental or physical disabilities, adults with addictions or adults who are particularly elderly may experience '**cuckooing**' where a gang takes over their home
- Other victims include the relatives of the exploited person who 'lose' their loved one to a criminal gang, and the communities where the drug dealing and

associated violence is exported to

What are the signs in adults?

In adults, signs of 'cuckooing' can include:

- A loved one or neighbour not being seen for some time
- Unknown visitors and vehicles to their house at unusual times
- Exchanges of cash or packages outside their home
- Open drug use in the street; damage and deterioration to the appearance of their home
- A change in their own personality or behaviour and appearing nervous, worried or intimidated

What should you do?

If you are worried that a person is at immediate risk of harm, you should also contact the police, your local safeguarding team or, in the case of a child, your local safeguarding partner (the group of Local Authority, ICB and police. Refer to 'Working Together to Safeguard Children 2018' for more information.)

Safeguarding Adults Statement - CR74

Safeguarding is described as 'protecting an adult's right to live in safety, free from abuse and neglect'. Adult safeguarding is about preventing and responding to concerns of abuse, harm or neglect of adults. Individuals who are vulnerable may be unable to take care of themselves or protect themselves against significant harm or exploitation. This means that they may be at risk of abuse or neglect due to the actions (or lack of action) of another person. In these cases, it is vital that AJ AND FRIENDS C.I.C. works together to identify people at risk and put steps in place to help prevent abuse or neglect.

Safeguarding adults is a priority for AJ AND FRIENDS C.I.C.. The activities carried out by AJ AND FRIENDS C.I.C. mean that there are a range of staff and people working on our behalf who may come into contact with people who are at risk of harm.

What action must you take if you have concerns?

AJ AND FRIENDS C.I.C. follows Wirral Council safeguarding procedures and its own policy and procedure details the responsibilities and action required by all staff. If you have any concerns that someone is at risk of harm or abuse, is being harmed or abused, you **must** take action.

- Ensure your own safety – leave the situation if you are at risk of harm
- Where there is clear evidence of harm or an imminent danger, call the emergency services immediately
- Treat all allegations of abuse seriously
- Report concerns to your line manager as soon as possible

Who do you report your concerns to?

At AJ AND FRIENDS C.I.C. the person responsible for safeguarding is:

Beverley Williams
